

Memorial Guide[®]

For Final Wishes and Requests

Dear Family and Friends,

I am very sensitive to what you may be experiencing during such an emotional time. Therefore, in an effort to protect you from any additional discomfort, I have prepared this booklet to assist you in the decisions you will face.

This booklet is an outline of my final wishes. I have included information about my funeral arrangements, people to notify, and financial and legal information you will need to settle my estate. I have also included a personal letter to help comfort you through my passing. It is my hope this record will help you in making decisions on my behalf.

I have nothing but cherished memories of the loving times we have spent together. It is my last request that you hold dear to these memories. With each and every smile, I shall be with you.

For the purpose of relieving my family of making decisions and arrangements in the event of need, the preceding arrangements are my personal wishes and desires. I would prefer that my family spend between \$_____ and \$_____ for my funeral arrangements.
